

2025 Corporate Member Prospectus

Who We Are

The Association for Dental Safety (ADS), formerly known as the Organization for Safety, Asepsis and Prevention (OSAP), is the only non-profit membership association for oral health care professionals that focuses exclusively on infection prevention and patient and provider safety.

ADS helps operationalize dental infection control and safety laws, regulations, guidelines, standards, and best practices to ensure every dental visit is a safe visit.

We support our members and the oral health care community by offering evidence-based education and credentialing, an extensive collection of online resources, and by collaborating with individuals, agencies, and

organizations to assure the safe and infection-free delivery of oral healthcare to all.

Our membership community is comprised of individual clinicians, group practices, educators, researchers, consultants, trainers, compliance directors, policymakers, and industry representatives who advocate for the safe and infection-free delivery of oral healthcare.

VISION

Every dental visit is a safe visit.

MISSION

To be the leading provider of infection prevention and control education, training, and credentialing that supports safe dental visits.

VALUES

Patient & Provider Safety
Science-Based Learning
Integrity
Competent Community
Collaborative Leadership

CORPORATE MEMBERSHIP

Corporate Membership is a way to partner with ADS for a shared vision to make every dental visit a safe visit.

Corporate Membership provides access to a higher level of ADS services and opportunities than our standard membership options. An ADS Corporate Membership allows for:

- Networking with key opinion leaders
- Gaining knowledge that benefits not only your employees but also your customers
- Becoming a more relevant and trusted brand

The Corporate Membership program acknowledges and distinguishes companies that demonstrate an ongoing commitment to ADS and safe dental care. In addition, it helps

to sustain critical services delivered by ADS such as:

- Advocacy
- Education
- Communications
- Strategic Development

At ADS, we believe that everyone has a role to ensure safe, infection-free access to oral healthcare. You can select the specific category of membership that fits your needs the best. ADS offers two levels of Corporate Membership.
